## Dataset

Below the variables are presented per component. First, indicate whether it concerns a one-off dataset or a periodic delivery. The variables are described in the data dictionary. Select which variables are requested in the first column. If necessary, a more specific selection can be indicated in the column “selection criteria” (e.g., ResponderYob 1970-1980).

### Frequency of data delivery:

One-off

Periodically

Period for which data is requested:
